Evaluation Comments

Tiny's Construction, LLC
Strengths
Proposal demonstrated extensive experience working in right of way. Organization Chart was detailed. Proposal included litter abatement methods that included solutions to numerous right of way obstacles. Video status reports and geotagging of illegal dump sites demonstrate efficient use of technology and equipment. Proposed approach demonstrated efficient use of labor and equipment through use of vacuum trucks in performing scope of work.
Weaknesses
Description of prime and sub level experience in similar services lacked detail. Proposal failed to provide example route plan but included a narrative approach. Failed to demonstrate knowledge of MUTCD even though property clean up could include minimum right-of-way impact. Recycling plan was generic and lacked detail. Health and Safety plan was generic. Response exceeded 5 page limit.
