RE: **FY 2017 Capital Spending Plan**

In conjunction with filing the proposed 2016-2017 Capital Improvements Budget (CIB) for the Metropolitan Government, the Administration will submit a Capital Spending Plan for Fiscal Year 2017 in the amount of \$475 million to finance various projects. The Administration will file the Initial Bond Resolution with the Metro Council, which is required by State law, to authorize spending on these projects. We wanted to provide the Metro Council with the details of the capital spending plan to provide ample opportunity for review prior to final approval of the 2016-2017 operating budget.
