Approach to Fraud Risks – How KPMG Addresses Fraud Risks in the Audit

Identification of fraud risks

- Perform risk assessment procedures to identify fraud risks, both at the financial statement level and at the assertion level
- Discuss among the engagement team the susceptibility to fraud
- Inquire of management, internal audit, audit committees, and others
- Evaluate broad programs/controls that prevent, deter, and detect fraud

Response to identified fraud risks

- Evaluate design and implementation of mitigating controls
- Test operating effectiveness of internal controls
- Assess potential for fraud risks to cause material misstatement
- Address revenue recognition, significant accounting estimates, and risk of management override of controls
- Perform specific substantive audit procedures (incorporate elements of unpredictability)
- Evaluate audit evidence
- Communicate to management and audit committees

CONVENTION CENTER AUTHORITY BOARD ACTION ITEM

Item Number: 05-03-12

Meeting Date: 05/03/12

Item Title: Art Location 3-25 (6th Avenue Wall)

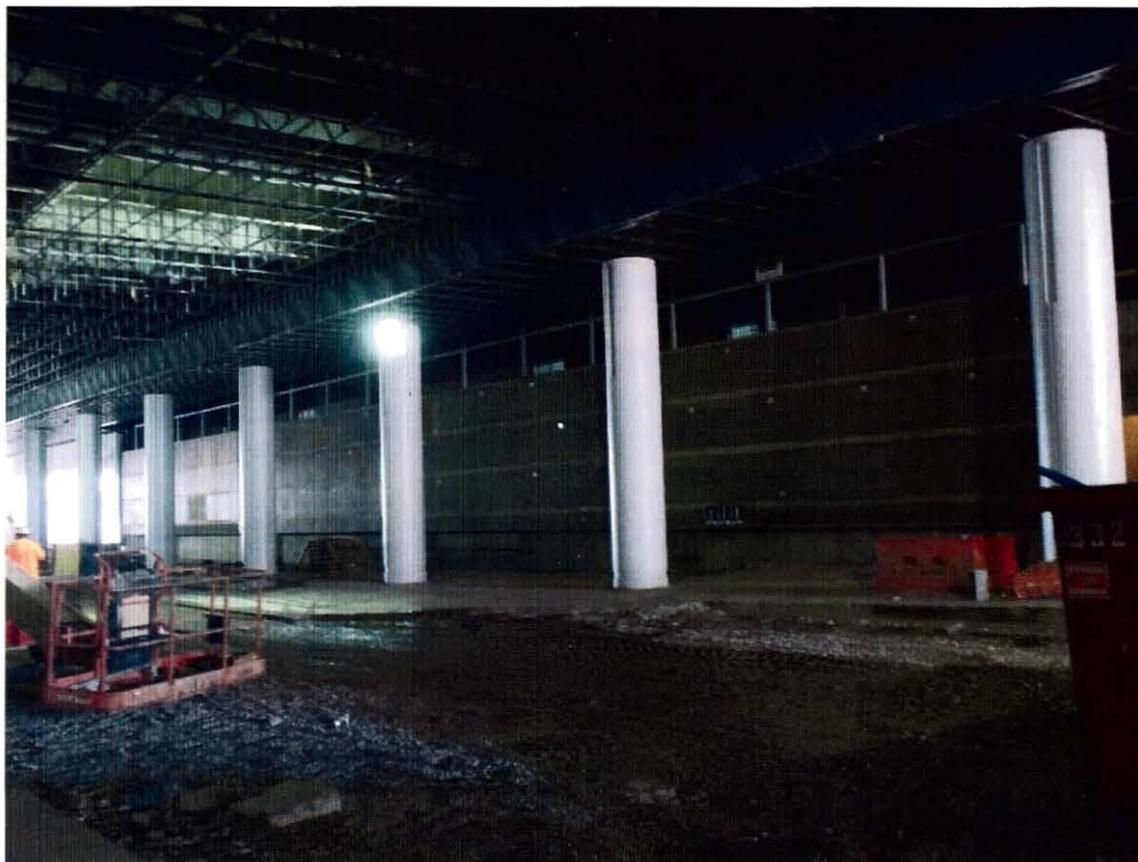

BACKGROUND

The Convention Center Authority received two art proposals for Art Location 3-25 (6th Avenue wall). The art location is situated on the eastern exterior wall of the parking garage under the exhibit floor directly across from the 6th Avenue entrance/pre-function area. The art location is 165x15 feet. It is approximately three times the width of a highway billboard. A lighting system covered by stainless steel grates will be imbedded in the sidewalk that would up light the artwork. The following additional information is attached:

- Photo of the Art Location 3-25;
- Fact sheets for each artists; and
- Renderings of each art concept.

The Authority is asked to decide from the two art concepts which commissioned artwork should be purchased for Art Location 3-25

Art Location 3-25

Cameron McNall
Los Angeles, CA

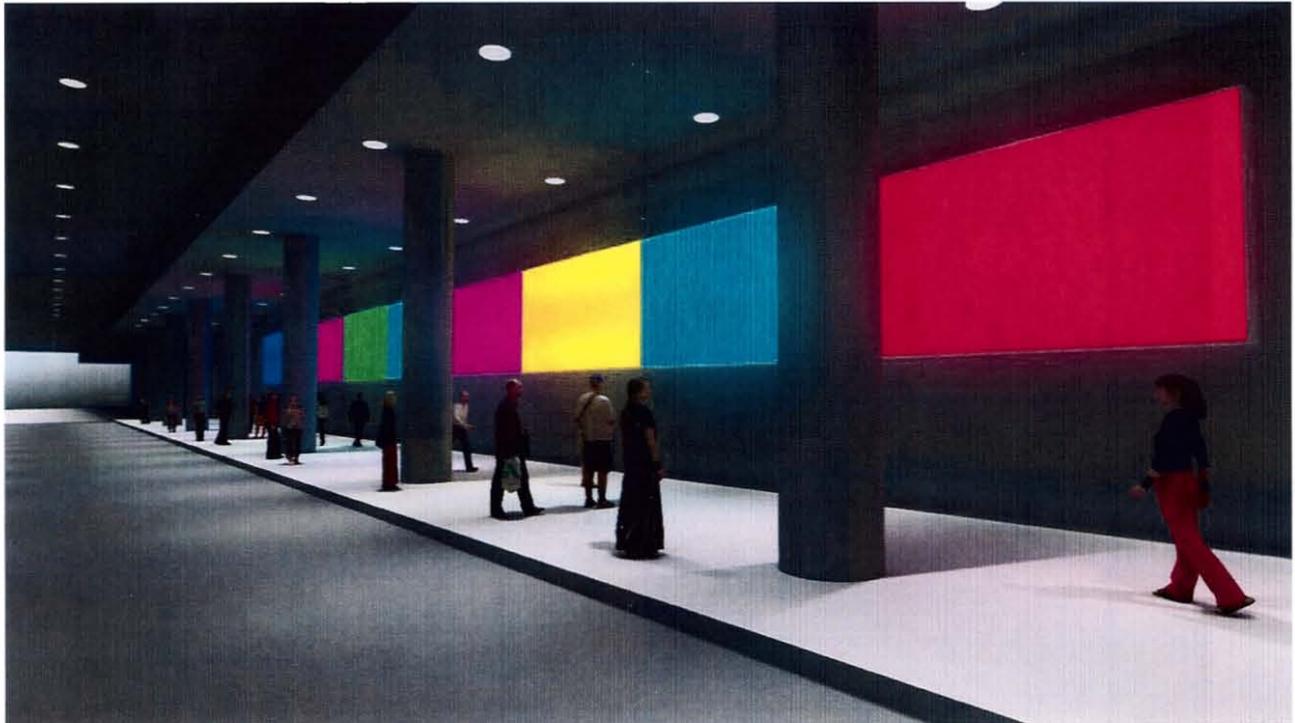

Chromatic

Description: The artwork is a series of nine continuous light boxes, each eight feet tall by fifteen feet long, 135 feet in total length (30 feet shorter than the existing art wall). Each box displays rotating series of six colors, with LED lighting backlighting a shallow box faced with a diffusing plastic surface. The artwork changes its combination of colors and configuration every minute, for a total of 10,077,696 unique permutations. It will appear different every minute for 20 years.

Cost: \$200,000 (with 135 feet wall coverage)

\$225,000 (with 165 feet wall coverage)

Note: We have an electronic file which exhibits the light movement. However, it is a very large file. We will show it at the Authority meeting. If you would like to receive the file to view prior to the Authority meeting, please contact Debbie Frank at 615-880-1468 or debbie.frank@nashvillemcc.com.

THIS

Description: The 165x15 feet custom ceramic tile mural is divided into several sections including a day scene; a raining scene; a snow scene and a night scene. The conceptual design includes some of Nashville's landmark buildings. The mural is fabricated from 6x6 inch custom ceramic gloss tiles. The individual tiles will be applied to the wall much like ceramic bath/shower tiles.

Cost: \$200,000
