I am writing to convey my strong support of the staff recommendation to **disapprove item 2016SP-098-001**, which proposes a zoning change to two lots on N 2nd St. As noted in the staff report, **the proposed rezoning is inappropriate in this area and inconsistent with the Neighborhood Maintenance policy.**

I chose to move to Cleveland Park specifically because it has a neighborhood feel. It is unfair to Cleveland Park residents to allow developers to change this.

Thank you for your consideration,
