Subject: PUD # 5-73-G - Amendment proposal at PC

Greetings, Planning Commissioners,

The above-referenced PUD amendment is for property in my district. I'm requesting that this matter be deferred indefinitely. It appears that the Restrictive Covenants for this property would prevent the request of the applicant for the requested PUD Amendment. I have discussed the with both the applicant and attorney representing the majority property owners in the PUD.

Best Regards,
Jeff Syracuse
