APPELLANT: Robert Mathews (LB Associates, LLC)

REPRESENTATIVE: Tripp Smith (S+H Engineering)

COMMENTS:

SW STAFF: No comment provided.

CODES: No comment provided.

PLANNING: Defer to Stormwater.

GREENWAYS: Greenways defers to the decision of Storm Water Management Committee.

Mr. Chip Howorth (S+H Engineering) spoke on behalf of request at the location 5040 Linbar Drive. Mr. Howorth stated that the existing properties and structures on Linbar Drive were developed prior to the enactment of stream water quality buffers or floodplain development regulations. The buildings that are proposed to be renovated as a significant redevelopment, as well as required parking areas to serve these buildings, are located within the established buffer areas and have existing finished floor elevations that do not meet these requirements.

Mr. Howorth also noted that there was not an alternative site plan because the intent of the proposed development was to renovate the existing buildings on site and rework the existing parking surface to provide the most opportunity for green space and buffer enhancement.

The question was presented by Mr. Roy Dale if the area had flooded in the 2010 flood. It was noted by metro staff member Ms. Rebecca Dohn that the access area had previously flooded. The concern made by several of the committee members was that the building would be zoned residential and that there would be residents living on the first floor of the buildings. Questions were presented on if the first level could be a common area or become mixed-use.

The discussion of flood proofing the buildings was discussed. However, it was noted by Mr. Steve Mishu (Metro Water Services) that, flood proofing only applied to commercial buildings.

A request was made by the Appellant for a 30 day deferral on case #201900008. After discussion during the Executive Session of the Committee on July 11, 2019 and review of the information presented, Mr. Roy Dale made a motion to defer and Mr. Slade Sevier seconded the motion. Mr. Dale, Ms. Debra Grimes, Ms. Anna Maddox, Ms. Carrie Stokes, Ms. Ronette Adams-Taylor and Mr. Sevier voted in favor of the motion. The motion carried.

IV. ITEMS OF BUSINESS

Secretary to have printed copies of the decision from the court case on Precision Homes, Inc. v. Metropolitan Government of Nashville and Davidson County for review of committee members in their August packets. This will be discussed at the end of September's agenda by metro legal.

V. ADJOURNMENT

A motion was made by Ms. Debra Grimes and seconded by Mr. Roy Dale to adjourn the meeting. Ms. Grimes, Mr. Dale, Mr. Slade Sevier, Ms. Carrie Stokes, Ms. Anna Maddox, and Ms. Ronette Adams-Taylor voted in favor of the motion. The meeting adjourned at 9:30 a.m.
