

# August 2023 Employee of the Month

I would like to nominate **Jennifer Cantrell, RN**- School Health Supervisor for Employee of the Month. She was my mentor many years ago in School Health and has since been a School Health Supervisor for maybe about 5 years. I have never met any one who exemplifies the mission of the health dept more. She is passionate about the students of Nashville, and she cares so deeply for the underserved and for the wellbeing of the kids of our county. She is a fighter for equality and for everyone to have their needs met.

She also is an excellent supervisor and mentor. She is clear, direct, organized and a master wordsmith. She is a champion of her nurses, and will do anything she can to help one of us to help the kids of Nashville. We are lucky to have her as a part of the Health Department.

Nancy Ashbaugh, RN
