

Nashville Health & Well-being Leadership Council

Community Health Assessment (CHA) &
Community Health Improvement (CHIP)

November 9, 2023

Tracy F. Buck, MS, RDN

Senior Health Strategist

Nashville Health & Well-being Leadership Council

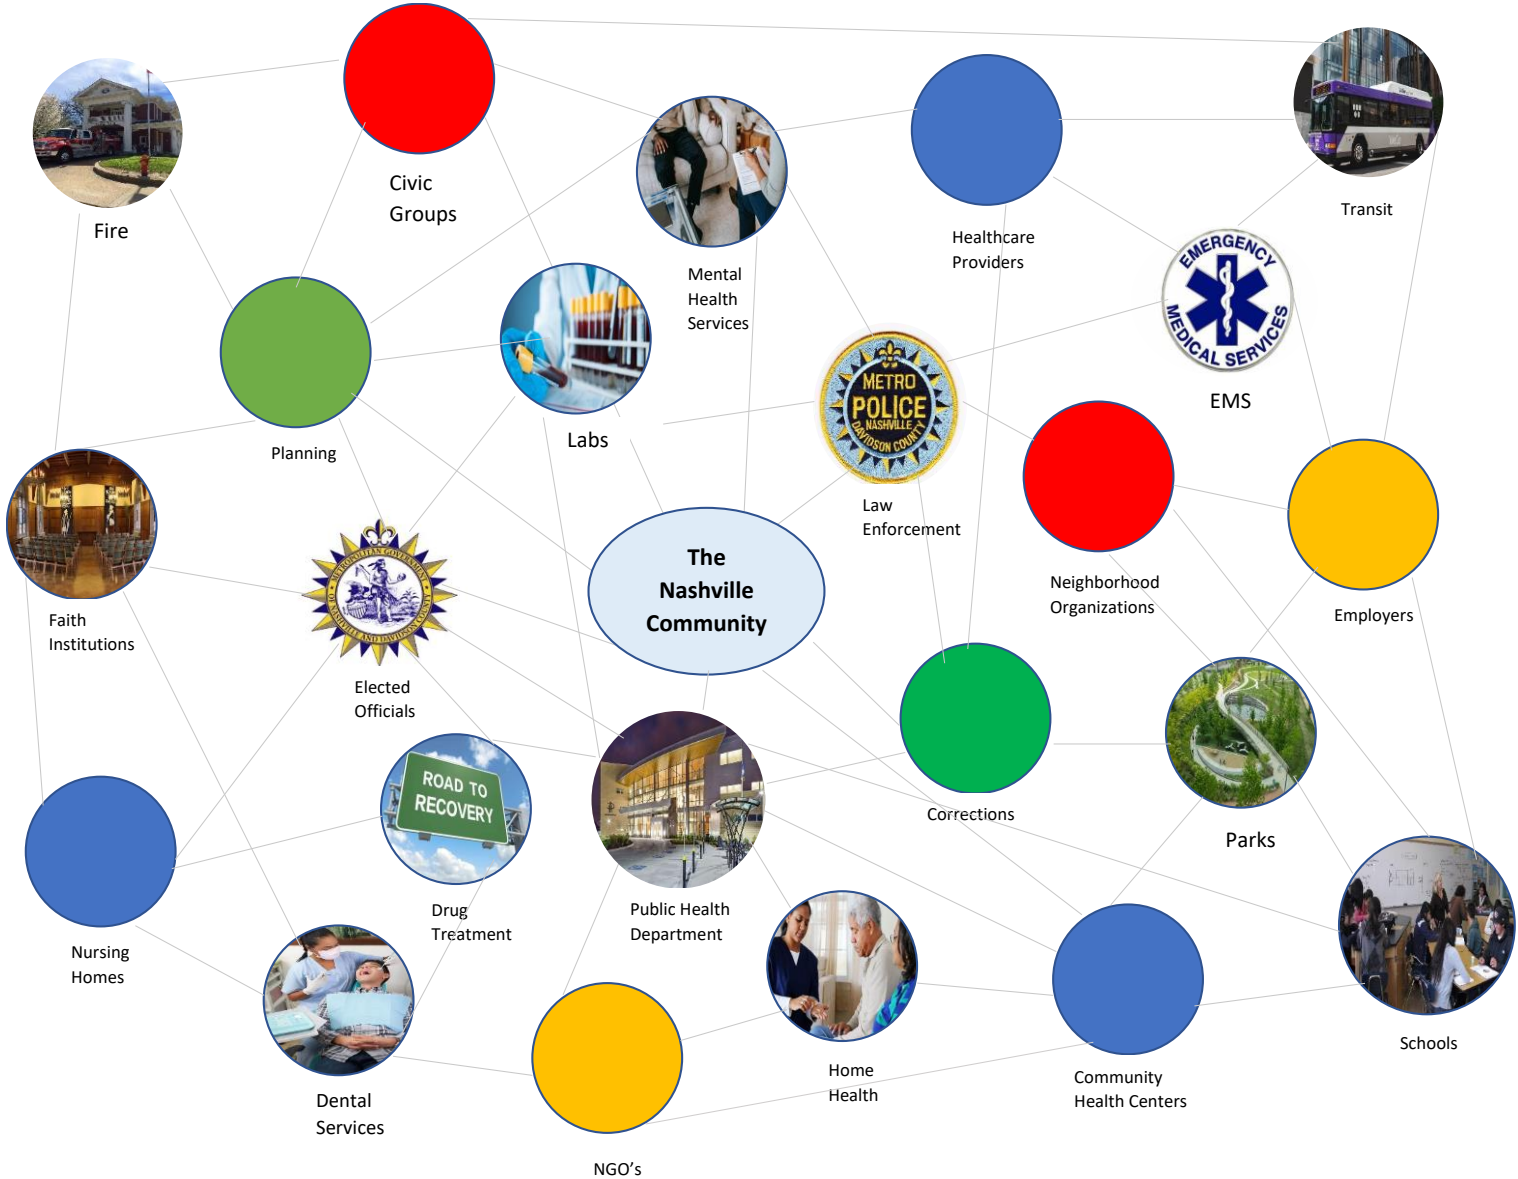

- Mayoral Executive Order expected November 2023
- Responsible to assess:
 - health status and quality of life of Davidson County residents;
 - systems that promote and support health;
 - forces affecting the economic and social well-being of residents;
 - consideration of the health impacts of programs and policies across metropolitan government
- Responsible to establish strategic priorities and mobilize collaborative and effective community initiatives

Nashville Public Health System

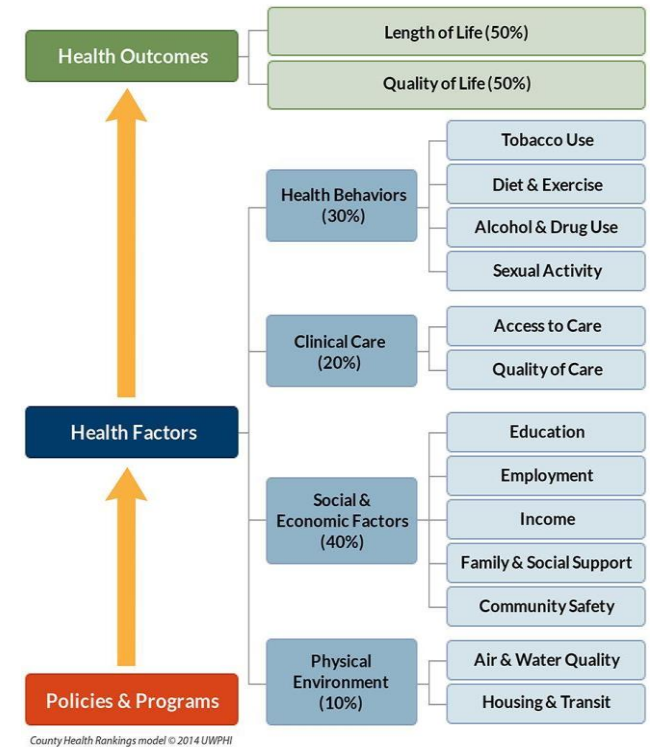

2021 CHA Process

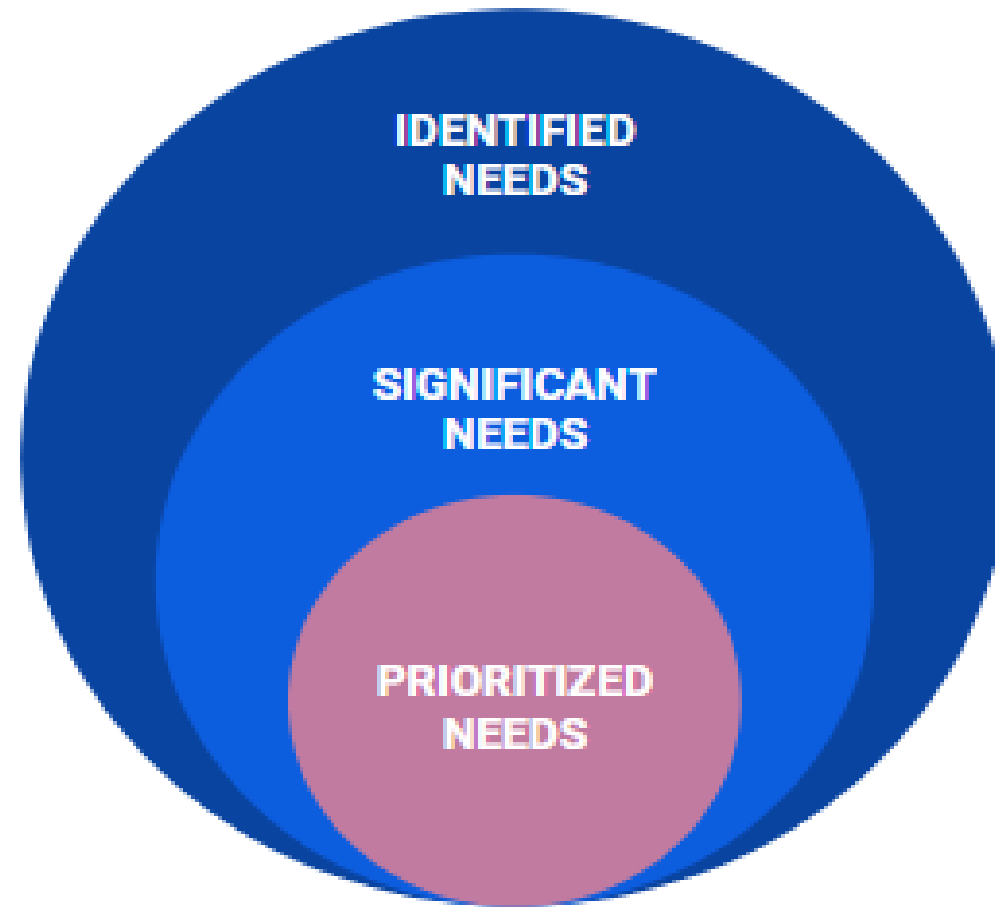

Modified MAPP model

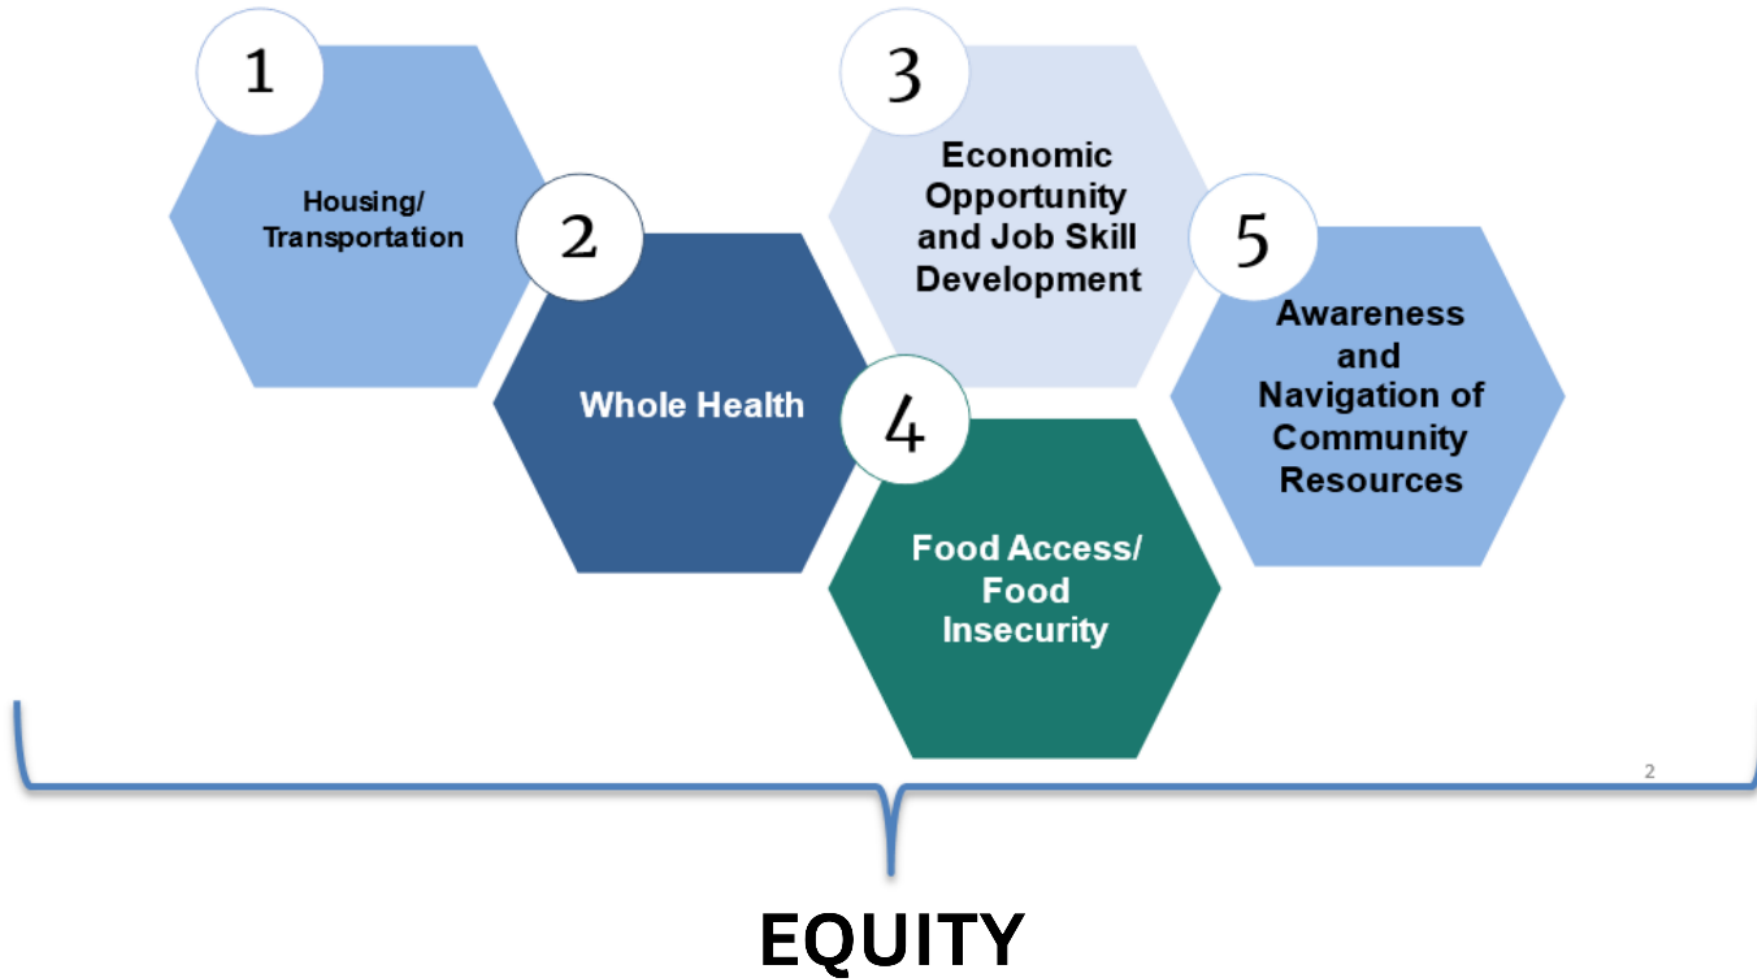

County Health Rankings and Roadmaps model

Prioritization Model

Approved Strategic Issues

Community Health Improvement Plan (CHIP)

2023-2025
NASHVILLE
COMMUNITY
HEALTH
IMPROVEMENT
PLAN (CHIP)

Strategic Issue Goals

Food Access/Food Insecurity

- Identify the elements needed to access affordable, fresh, nutritious food and improve food security by addressing gaps in the current community food web, focusing on populations impacted by food barriers.

Awareness & Navigation of Community Resources

- Increase access to local resources through innovative integration and alignment of assets to improve population health and well-being regardless of religion, ethnicity, language, culture, gender, or sexual orientation.

Equity

- Engage with the broader Nashville community to influence policies and practices to reduce health disparities.

Housing/Transportation

- Definition-Accessibility, availability, affordability, and adequacy of housing and transportation systems. Emphasis on displacement due to gentrification in Nashville and transportation infrastructure that connects residents to jobs and grocery stores. Also, education around purchasing housing.

Economic Opportunity & Job Skill Development

- Definition-Support for living wage jobs that provide sufficient income to support a high quality of life. Additionally, support for education and skill development for the workforce.

Board of Health Participation and Engagement

- Board of Health has an appointed member representative
- Plan for the Board to be updated monthly by the representative
