FINAL PLAT APPLICATIONS

As the owner(s) of this property, I (we) understand:

- **One** applicant must be designated by me (us) to correspond with the planner who will be reviewing my subdivision. The applicant is:

- If I (we) plan to record the final subdivision plat without first constructing the required infrastructure (including roads, water and sewer line extensions), then I (we) must provide a bond for those improvements.
- A bond application must be submitted with the required fee of \$400 **at least six (6) weeks** prior to when I (we) intend to record the final plat.
- The bond review and approval process is subject to receiving estimates from Metro departments and outside utilities.
- Bond amounts are calculated after all construction plans have been approved and plat revisions have been made by your surveyor to the satisfaction of the reviewing agencies.
- The Metro Legal Dept. will review the performance agreement (PA) and security only after the Planning Dept. has received a signed PA and the original security (no faxes, no scanned images).
- The Metro Legal Dept. review may take several weeks to complete its review, excluding time involved in relaying documents to/from the Planning Dept.
