August Report Highlights

In addition to deploying Metro funds to assist with family housing, the Office of Homeless Services (OHS) is actively working to alleviate the stress on the shelter system. This includes placing full-time employees on location at the shelters to help reduce family homelessness. OHS has also taken over the coordinated entry phone line for families, providing a systemwide access point for families. The goal is to improve the outcomes for our unsheltered population through strategic processes that increase employment opportunities, housing options and supportive services.

July witnessed several notable celebrations in the realm of homelessness assistance.

The Office of Homeless Services commemorated its one-year milestone.

The grand opening of Metro's Strobel House introduced permanent supportive housing for up to 90 unhoused individuals.

HUD technical Advisors recognized Nashville as a trailblazer in national discussions during an onsite visit.

The director of Lived Experience for the National Alliance to End Homelessness was boots on the ground in our community, providing guidance for the Consumer Advisory Board and our community.

During the month of July, the HMIS Monthly Data Report shows:

- The number of chronic homeless decreased
- The number of homeless youth decreased
- The number of individuals housed increased

**Prior to receiving ARP funds, Community Care Fellowship received CARES (Coronavirus Aid, Relief, and Economic Security) funding to operate their shelter programs. A recent review of these programs showed that an error had been made in identifying the ending date of the CARES funding and the beginning of the ARP funding. As such, the number served under the ARP funding has been edited to reflect the correct number served.
