### **PROGRAM COVERAGE**

Title VI applies to both Metro functions, facilities, operations programs and projects that receive federal funding as well as to services provided by sub-recipients that receive federal financial assistance through contracts from Metro. It is the city's goal that all services be administered in a nondiscriminatory manner.

### **Federal Funding in Metro**

Currently, there are several Metro Departments which benefit from outside funding as a viable programming resource. A variety of mechanisms exist to manage grants in Metro. The Division of Grants Coordination was established to better enable Metro to manage its current grants and to seek additional outside funding.

The Division of Grants Coordination assists Metro departments with identifying funding opportunities, fostering collaborations and developing sound grant proposals; serving as a "gatekeeper" and monitor of grants as they move through the Metro approval process; developing and implementing policies and procedures for grants to Metro; providing technical assistance and grants-related training to departments, maintaining a database of Metro's grants, acting as a liaison between user departments and the Finance Department on grants-related matters and managing Title VI activities.

In that Metro, through the Division of Grants Coordination, is able to comprehensively identify and track all of its federal grants, information regarding those grants is readily available. A list of current Metro grants from Federal sources (including pass thru grants) is found in Appendix D.

### **RESOURCES COMMITTED TO TITLE VI COMPLIANCE**

Metro has committed significant resources to program areas with a direct impact on Title VI implementation planning and compliance review efforts. The Metro Title VI coordination function has been assigned to staff in the Human Relations Commission; however, each department has an assigned Title VI coordinator with departmental responsibility lying ultimately with the Department Head and overall responsibility for the Metro's compliance lying with the Mayor. Each department is responsible for implementation, compliance and data collection in their respective areas.

Additionally, the Office of Financial Accountability (OFA) in the Office of Management and Budget is responsible for the monitoring of Metro's state and federal grants contracts. This Office also monitors Metro's direct appropriation grant contracts to non-profits organizations. As a part of the grant monitoring reviews, civil rights program issues are reviewed for compliance.

### **TITLE VI PROCEDURES**

The responsibility for coordinating Title VI compliance within the Metropolitan Government of Nashville and Davidson County is assigned to and divided among respective departments. Each department head has appointed a Title VI Departmental Coordinator (See Appendix A). The Departmental Coordinator works closely with the Metro Title VI Coordinator and is responsible for administering the compliance procedures and Title VI complaint processing for the respective departments.

### **COMMUNICATION**

Metro will take appropriate steps to communicate its Title VI policy and program to all Metro employees, sub-recipients and the general public. Sub-recipient notification of Title VI is imperative, and all will be made aware of the importance of Title VI compliance. It is equally important that protected beneficiaries are encouraged to participate in departmental programs and are informed of Metro policies, especially regarding filing complaints.

If it is a continuing problem, the complainant needs to state when it began and the progression to the time of the complaint. A complaint may be filed by a current or former employee or by an applicant and by an individual or a group of people. Complainants shall have the

right to have reasonable representation of their choosing with them at all stages of the complaint procedure. This obligation to inform includes improper conduct committed by non-government employees if the conduct is directed toward government employees.

C. Religious Discrimination (Civil Rights Act of 1964, Title VII, as amended by the Civil Rights Act of 1991)

The Metropolitan Government expresses its commitment to prohibit religious discrimination against applicants for employment and employees in all areas of employment and benefits. **Metropolitan Development and Housing Agency  
Title VI of the Civil Rights Act of 1964**

**Complaint & Grievance Procedures**

The Title VI Coordinator will be responsible for investigating complaints of alleged discrimination based on race, color, or national origin as it relates to programs or services covered by Title VI.

An investigation is a process used to determine the facts to support or disapprove a complaint or report of an alleged incident. The investigation seeks to gather and report the truth and all the facts related to the matter.

If individuals believe they have been subjected to discrimination in violation of their civil rights, they may file a complaint with the Title VI Coordinator or a Department Director of MDHA.

Retaliation will not be tolerated against anyone who reports alleged discrimination or policy violation or participates as a witness in an investigation. After the investigation, a report will be submitted, which will be an independent and impartial report with respect to the facts of the incident.

These procedures do not deny the right of the complainant to file formal complaints with other state or federal agencies or seek private counsel for complaints alleging discrimination.

These procedures are part of an administrative process, which does not provide for remedies that include punitive damages or compensatory remuneration for the complaint.

Every effort will be made to resolve the complaints early at the lowest level possible. MDHA will not investigate complaints in which it appears as a respondent. The matter will be referred to the federal funding source from which the relevant program or activity falls.

### *Complaint procedures:*

1. Any person or a specific class of persons believing they have been subjected to discrimination prohibited by Title VI may file a written complaint with an agency Department Director or the Title VI Coordinator.
  2. A formal complaint may be filed within 180 calendar days of the date of the alleged act of discrimination, from the date the act becomes known by the complainant(s) or where there has been a continuing course of conduct, the date on which the conduct was discontinued or latest instance of conduct.
  3. The complaint must meet the following requirements:
    - Present the date of the alleged act of discrimination, the date the complainant became aware of the alleged discrimination, the date on which the conduct was discontinued, or the latest instance of conduct.
    - Present a detailed description of the issues, including the name(s) and job titles of those individuals perceived as parties in the complained incident.
    - Allegations may be made in writing, by fax, email, or telephone. The complainant must acknowledge their intent to proceed with the complaint. The complainant's identity must be established, and all verbal complaints will be reduced to written form. The written complaint will be mailed to the complainant for their signature.
  4. Upon receipt of the complaint, the Title VI Coordinator will record and log the complaint. The Title VI Coordinator will notify all parties involved in the complaint and determine the investigative process. If the complaint is against MDHA, the complaint will be forwarded to the Federal or State agency in which funding was provided. If the complaint is against an MDHA sub-recipient, MDHA will assume jurisdiction and initiate the investigation.
  5. All complaints will be reviewed for:
    - Whether the complaint is timely filed
    - Whether the allegation involves a covered basis such as race, color, or national.
    - Whether MDHA programs or services cover the complaint.
  6. A complaint will be dismissed for the following reasons:
    - The complainant requests the withdrawal of the complaint
    - The complainant fails to respond to repeated requests for additional information to process the complaint or otherwise fails or refuses to cooperate in the investigation.
    - The complainant cannot be located after reasonable attempts to contact them.
  7. MDHA will respond within five days of receiving a complaint with a course of action for the matter. All investigations in which MDHA is listed as a respondent will be forwarded to the respective federal or state agency within seven days. Any complaint investigated by MDHA will be completed within 90 days. A final investigative report will be written, and the complainant will be notified of the finding.
- Any complainant unsatisfied with the finding will have the right to appeal the finding to the agency grievance process, or they may file an appeal to the source of funding or the U. S. Department of Justice.

## Record of Title VI Complaints, Investigations and Lawsuits

Does your department keep a record of all Title VI complaints, investigations and lawsuits?

Yes  No

How many Title VI complaints, investigations and lawsuits did you have this annual reporting period? 0 Title VI complaint forms submitted. A few complaints were received through Customer Care but deemed not to be Title VI after investigation. A Title VI complaint form was not submitted by the complainant for any of those outlined below.

For each complaint, list the date that the investigation, lawsuit or complaint was filed; the status of the investigation, lawsuit or complaint; action taken in response to the investigation, lawsuit or complaint; and a summary of the allegation(s).

Date	Status	Action Taken	Summary
7/7/2021	Completed	None	Customer complaint about bus routes with better frequency only serving wealthy neighborhoods. Contacted by phone. Interest in seeing increased frequency on weekdays and weekends along Route 9 MetroCenter, more seating at bus stops, and interest in utilizing Access services. Connected with Access Eligibility staff who are sending an application. Let complainant know that we would also like to have increased frequency and require additional funding and operators in order to implement improvements.

7/19/2021	Completed	None	Customer complaint about cancelled bus routes in low-income neighborhoods. MTA does systemwide analysis of impacts of major changes on low income and minority populations as federally required and identifies mitigation strategies should established thresholds be exceeded. No impacts were identified with analysis. Customer was contacted twice by phone and left voicemails, but the calls were not returned.
11/24/2021	Completed	Disciplinary Action	Customer complaint about bus driver was being racist to a couple of Hispanic riders by saying "blah blah blah" because they couldn't understand her. Complainant was reached for additional information, but no response was received. Video from the bus was pulled and reviewed of the incident. A meeting with the operator took place and was referred to Operations for retraining.
1/28/2022	Completed	None	Female called in and advised that she felt singled out and discriminated against. She was in the waiting area and a supervisor told her that she could not just wait around in the area and that she had to catch the next bus. She was very offended by what he said. The person was homeless and spending several hours in the waiting room. Police had to talk to her before and offered a ride to a shelter. The complainant was contacted and made aware of MTA's code of conduct establishing that "Loitering on any MTA Property is prohibited. All persons at MCC shall have a ticket in their possession or means of payment and board the next available bus on their route" and "Sleeping, camping, or storing personal property on benches, floors or grounds of Music City Central or at any MTA bus stop or MTA Property is prohibited." The issue stems from the complainant attempting to wait for hours between buses she rides and being told she can't wait in the waiting room for hours. She refused to take a copy of the Code of Conduct provided, but did take a copy of the Title VI complaint process and form, and was advised on how to file an appeal.
1/28/2022	Completed	Verbal	Complaint about WeGo's message on the phone being discriminating. Complainant feels like there are not that many Spanish speaking people in Nashville and maybe we should have it in Arabic or other languages. Complainant was explained that Spanish is the second most spoken language in Davidson County per Census and made aware that WeGo provides Language Line assistance to callers needing languages other than English and Spanish, and provides multiple language translation at WeGoTransit.com via Google Translate.
6/6/2022	In Progress	None	Three complaints were received through WeGo's Customer Care department against drivers. Those are being currently investigated.

## Monitoring Subrecipients

*If your department receives federal financial assistance from a primary source (such as the federal or state government) and then distributes any part of that assistance to another entity, you have an obligation to monitor that “subrecipient” for Title VI compliance. Subrecipients may be contractors, subcontractors or grantees.*

Do you distribute any of the federal financial assistance you receive to a subrecipient (contractor, subcontractor or grantee)?

Yes  No

If Yes, how do you monitor subrecipients for compliance with Title VI obligations?

Procedures outlined on attached Title VI Program, Chapter 2, Section E.b. – Monitoring Subrecipients

## Language Access to Persons who are limited English Proficient

*Title VI requires recipients of Federal financial assistance to take reasonable steps to make their programs, services, and activities by eligible persons with limited English proficiency. This generally means that departments should adopt a language access plan that provides guidance to all staff on when and how to provide language assistance to constituents who are limited English proficient.*

Does your department have a written language plan?

Yes  No

If Yes, please provide it by attaching it to this response.

If No, please state what steps your department is taking to adopt a policy and when the policy will be implemented?

## Minority Representation on Planning or Advisory Bodies

*When a department selects community members for planning or advisory committees related to a program or service supported by federal financial assistance, the selection process should not deny an individual on the basis of race, color, or national origin the opportunity to participate.*

Did your department select members for any non-elected planning or advisory committees related to any program or service supported by federal financial assistance?

Yes  No

If Yes, provide a table depicting the membership of that body broken down by race...
